Building Regulations Update

Housing Summit

Solihull 21st October

Bob Ledsome

Building Regulations and Energy Performance Division
Department for Communities and Local Government

“Unless we deal with the housing deficit, we will see house prices keep on rising. Young people will find it even harder to afford their own home. The divide between those who inherit wealth and those who don’t will become more pronounced. And more and more of the country’s money will go into expensive housing instead of more productive investments that generate more economic growth.”

- All Party Parliamentary Group report on the quality and workmanship of new housing in England.
- Bonfield Reviews
 - quality and standards for energy efficiency schemes
 - Property flood resilience
- Climate Change
 - Climate Change Risk Assessment
 - Heat policy report
- **And...Brexit...**

The Neighbourhood Planning Bill

The Neighbourhood Planning Bill was introduced into the House of Commons on 7 September. The Bill contains a focused set of measures on planning and compulsory purchase that will:

- **further strengthen neighbourhood planning** to give even more power to local people;
- **improve the use and discharge of planning conditions**, especially pre-commencement conditions;
- **continue the reforms of compulsory purchase** to make the process clearer, fairer and faster for all those involved; and
- better **monitor the impact of permitted development rights** on housing supply.

Forward agenda

- Housing and Planning Act reviews.
- EPBD cost optimal review.
- Working out Brexit implications.
- Legacy work eg design v as built.
- Climate Change resilience and adaptation.
- Other issues.
